

Fort Worth Interior Design Group

A LIGHT-BULB MOMENT: Our group started as designer friends having lunch looking for ways to improve our businesses. From the discussions came the idea of joining together to buy from vendors. For the past 10 years, we have done this through Fort Worth Interior Design Group. **TOGETHER, BUT SEPARATE:** We are individual businesses with different specialties and strengths. All of our designers are college graduates with interior design and/or art backgrounds, Texas licensed and Professional Members of ASID. (Professional Member being the most senior level of accreditation through ASID.) We each have worked in Fort Worth and the surrounding areas for more than 20 years. Stores may come and

stores may go, but we are here continuing to serve our clients. **WHAT SETS THEM APART:** Offering a wide variety of services for residential and small-business projects, Fort Worth Interior Design Group can provide you with assistance for new home construction, re-modeling, space planning, scaling up to larger homes or scaling down to smaller spaces. Our designers can refresh a single room or re-invent your entire home. We can supply all the elements inside your home or office including: furniture, window, wall and floor coverings, art and accessories. **CONTACT INFORMATION:** www.fortworthinteriordesigngroup.com.
